

**IDEA Part B
Proportionate Share Calculation Form
for School Year 2008-09**

SELPA Name	West End SELPA	SELPA No.	3603	Date	November 4, 2008
-------------------	----------------	------------------	------	-------------	------------------

STEP 1: In order to perform an accurate proportionate share calculation, complete the following:

A.	Total number of parentally placed IDEA-eligible students with disabilities attending elementary or secondary private schools within the district's boundaries between the ages of 3 and 21 on June 30, 2008. (Include students receiving services and students identified but not receiving services through a Services Plan.)	39
B.	Total number of IDEA-eligible students with disabilities with an IEP enrolled in the district, between the ages of 3 and 21, and reported on the December 1, 2007, child count.	13,621
C.	Total number (A + B) of IDEA-eligible students with disabilities enrolled in the district and private and secondary schools within the district's boundaries between the ages of 3 and 21 on December 1, 2007.	13,660
D.	Total Part B Allocation Amount for the District for School Year 2008-09.	\$18,889,540.00

STEP 2: Using A, C, and D above, complete the formula below by entering the values that correspond to the subscript below each blank.

39	Divided by	13,660	Multiplied by	\$18,889,540.00	=	\$53,930.60
Value for A		Value for C		Value for D		*Constitutes Proportionate Share

*This amount must be spent for the group of parentally placed children in private schools. Any unspent funds must be obligated during a carryover period of one additional year.

NOTES:	(1) The district where the student's private school is <i>located</i> is responsible for child find and providing special education services.
	(2) For out-of-state parentally placed private school students with disabilities, each district in which private schools are located must include parentally placed private school students, even if the students reside in another state.
	(3) Proportionate share for parentally placed private school children is based on the total number of eligible children residing in your LEA jurisdiction, not eligible children served.
	(4) Districts must spend the entire proportionate share of Part B funds on parentally placed private school children, regardless of the availability of state and local funds. In other words, state and local funds can no longer be used as a substitute for the proportionate share of Part B funds.

**IDEA Part B
Proportionate Share Calculation Form
for School Year 2009/10**

SELPA Name	West End SELPA	SELPA No.	3603	Date	September 23, 2009
-------------------	----------------	------------------	------	-------------	--------------------

STEP 1: In order to perform an accurate proportionate share calculation, complete the following:

A.	Total number of parentally placed IDEA-eligible students with disabilities attending elementary or secondary private schools within the district's boundaries between the ages of 3 and 21 on June 30, 2009. (Include students receiving services and students identified but not receiving services through a Services Plan.)	30
B.	Total number of IDEA-eligible students with disabilities with an IEP enrolled in the district, between the ages of 3 and 21, and reported on the December 1, 2008, child count.	13,892
C.	Total number (A + B) of IDEA-eligible students with disabilities enrolled in the district and private and secondary schools within the district's boundaries between the ages of 3 and 21 on December 1, 2008.	13,922
D.	Total Part B Allocation Amount for the District for School Year 2009/10.	\$18,889,540.00

STEP 2: Using A, C, and D above, complete the formula below by entering the values that correspond to the subscript below each blank.

30	Divided by	13922	Multiplied by	\$18,889,540.00	=	\$40,704
Value for A		Value for C		Value for D		*Constitutes Proportionate Share

*This amount must be spent for the group of parentally placed children in private schools. Any unspent funds must be obligated during a carryover period of one additional year.

NOTES:	(1) The district where the student's private school is <i>located</i> is responsible for child find and providing special education services.
	(2) For out-of-state parentally placed private school students with disabilities, each district in which private schools are located must include parentally placed private school students, even if the students reside in another state.
	(3) Proportionate share for parentally placed private school children is based on the total number of eligible children residing in your LEA jurisdiction, not eligible children served.
	(4) Districts must spend the entire proportionate share of Part B funds on parentally placed private school children, regardless of the availability of state and local funds. In other words, state and local funds can no longer be used as a substitute for the proportionate share of Part B funds.

**IDEA Part B
Proportionate Share Calculation Form (ARRA 3313)
for School Year 2009/10**

SELPA Name	West End SELPA	SELPA No.	3603	Date	September 23, 2009
-------------------	----------------	------------------	------	-------------	--------------------

STEP 1: In order to perform an accurate proportionate share calculation, complete the following:

A.	Total number of parentally placed IDEA-eligible students with disabilities attending elementary or secondary private schools within the district's boundaries between the ages of 3 and 21 on June 30, 2009. (Include students receiving services and students identified but not receiving services through a Services Plan.)	30
